European Year of Active and Healthy Ageing in 2012

In 2011, COTEC is celebrating its 25th Anniversary and in 2012 is supporting the European Year of Active and Healthy Ageing. This competition seeks to bring both of these events together in an activity for all 27 member associations of COTEC to participate in.

Guidelines for submitting a poster to the competition

- All members of the 27 COTEC member associations are eligible to submit a poster to the competition.
- All posters should be themed around Active and Healthy Ageing and occupational therapy.
- The picture on the poster can be a drawing or a photograph. The creator of the poster must have copyright for the picture submitted and it must not have been published before. Written consent from any people in the image must be provided.
- Any text or slogan on the poster should be written in English. If a slogan is included, two versions should be submitted: one with text included and one without.
- The poster should be saved in tiff-form or jpg-form, saved at maximum resolution on CD or electronically. Minimum size for the short side of the poster is 2500 pixels. The size of the printed poster will be A1 (594mm x 841mm).

Guidelines for COTEC member associations to choose their winning poster

- Each member association is to choose one candidate to represent the Association. This may be done by a ballot within the Association, by a designated selection team or by the Board of the Association.
- The winning poster from the member association must be sent to COTEC **by no later than January 31, 2012**. The mailing address will be announced closer to this date.
- All 27 winning entries representing each national association will be on display at the COTEC 2012 Congress in Stockholm.
- COTEC will print all the posters in preparation for the conference display.
- The winner will be chosen by a vote taken during the Congress and the winner will be announced at the Congress Closing Ceremony.
- First prize in the competition is a free ticket to the joint COTEC-ENOTHE Congress in 2016.

COTEC will reserve the right to use the final competing posters and the pictures for COTEC promotional material and to publish the material on the COTEC website.
